Description

All Federation University Tenders are to be submitted via the eProcure Tender Search portal. Only electronic submissions are accepted. Submissions in paper form will not be accepted as a valid submission for this Tender.

To gain access to these documents you will need to register for TenderSearch, please see: <https://www.tendersearch.com.au/federation/>, click on the registration tab and enter your company details (you will need to have your ABN handy). Please note that registration with Federation University Tender Portal is free.

Please ensure that you select the correct category for your provision of services.

Once you have registered you will then have access to review and place submission's for all Federation University public tenders.

The successful contractor would be required to work closely with the nominated Federation University Australia Project Manager to achieve the desired outcomes in the negotiated timeframe and with value for money.

Project Overview

Federation University Australia (FedUni) assumes full control of the Berwick campus in 2018 (see enclosed campus map) and is undertaking a progressive approach over the next few years, to modify the campus to enable it to roll out and deliver its desired teaching program. To facilitate this, the University is seeking to appoint a professional and experienced Principal Architect to lead

the concept design, design development and documentation, tender/contract administration and post construction phases of the planned Stage 1C Phase A modification works.

A fully developed consultant's brief (refer to RFT – Reference Number: RFT 2018-17 for the provision of Principal Consultant for the Stage 1C Phase A at Berwick Campus) outlining the scope of works and allied services required is enclosed.

FedUni is inviting responses to this RFT from suitably qualified service providers and will be assessing each organisations capability to provide demonstrable architectural services capability, with alacrity, a customer focus and cost-effective approach. The information from the RFT responses will assist the University in evaluating the services provided and in deciding on an approved supplier.

The conditions of engagement shall be in accordance with VPS Consultancy Agreement (Short Form) Principal Consultant

Please refer to the Tender Documents for more specifications and requirements.

In order to be considered as a conforming bid, bidders must provide all the documents listed as conforming. Nonconforming tenders representing unacceptable levels of risk may be excluded from further consideration.

Any enquiries with regard to this tender should be directed back through the e-tender portal.

All Federation University Tenders are to be submitted via the eProcure Tender Search portal. Only electronic submissions are accepted. Submissions in paper form will not be accepted as a valid submission for this Tender.
