Commodity Code	Description
81100	Professional engineering svcs incl civil engineering, landscape consulting, programming/master planning, architectural & engineering design/consulting, inspection certification svcs, testing/geotechnical, hazardous materials service, commissioning svcs

## Description

---

South Jordan City desires to select one landscape architecture, architecture, or engineering firm to prepare plans for a new interactive splash pad at Heritage Park located at 10800 South Redwood Road. Heritage Park is approximately 2.5 acres located within the larger South Jordan City Park complex.

The Consultant will be required to prepare and provide final construction and specifications plans for the proposed project. The Consultant will have to do site visits, surveying and location of utilities in the project area, coordinate and meet with City staff, and all other duties needed to complete the construction plans and design specifications. In addition, the Consultant will help the City in selecting a construction management general. It is the desire of the City that the selected Consultant will be involved in the design process. The Consultant will be asked to serve as support to the project manager and general contractor throughout the duration of the project. Consultant services during the construction phase of the project include, but are not limited to, review and approval of material submittals, attendance at meetings, site visits, assistance to resolve unexpected issues with the design during the construction phase, and coordination with City staff and general contractor.

This RFP procurement of services is based on Utah Administrative Code R33-15.
