

PUBLIC NOTICE - - - ARCHITECTURAL SERVICES WANTED

Applications for Architectural Services for the following will be accepted until 2:00 p.m., Tuesday, June 30, 2020. (Your attention is called to the 2:00 p.m. deadline -- exceptions WILL NOT be made). Applications shall be submitted on the standard LSB - 1 (September 2019 edition) only, with no additional pages attached. Please be sure to use an up-to-date copy of the form. These forms are available at the selection board office and on the Facility Planning & Control website at <http://www.doa.la.gov/Pages/ofpc/Index.aspx>. Do not attach any additional pages to this application. Applications with attachments in addition to the pre-numbered sheets or otherwise not following this format will be discarded. One fully completed signed copy of each application shall be submitted. The copy may be printed and mailed or printed and delivered or scanned in PDF format and e-mailed. Printed submittals shall not be bound or stapled. E-mailed PDF copies, as well as printed copies, shall be received by Facility Planning & Control within the deadline stated above. The date and time the e-mail is received in the Microsoft Outlook Inbox at Facility Planning & Control shall govern compliance with the deadline for e-mailed applications. Timely delivery by whatever means is strictly the responsibility of the applicant. By e-mailing an application the applicant assumes full responsibility for timely electronic delivery. DO NOT submit both printed and e-mail copies. Any application submitted by both means will be discarded.

Reroof, Associated Waterproofing and Related Equipment, Main Building, L.E. Fletcher Technical Community College, Thibodaux, Louisiana, Project No. 01-107-06B-11; 01-107-18-02, WBS F.01003966; F.01004079. This project consists of removal of the existing roof system and related base flashings of roof sections A, B & C down to the existing decks, and the installation of a State of Louisiana approved 20 year warranted SBS Modified Bitumen roofing system for roof sections A & B, and a 20 year warranted symmetrical metal panel roofing system for roof section C, all in accordance with the manufacturer's recommendations for installation. The Designer shall be responsible for evaluating the existing decks (insulating or otherwise) to ensure that the roof decks are capable of accepting the new roofing system, associated waterproofing, and equipment to ensure no water migration through external elements into the new roofing system(s). The building will remain occupied for the duration of the Project. Primary and secondary drainage must meet current code requirements. FPC will not accept any exceptions for secondary drainage. The Designer shall prepare and submit all required drawings to Facility Planning and Control in AutoCAD and hard copy. Drawings shall follow the format specified in the "Instructions to Designers for AutoCAD Drawings Submittal". The funds available for construction are approximately \$540,000.00 with a fee of approximately \$42,299.00. Contract design time is 180 consecutive calendar days; including 60 days review time. Thereafter, liquidated damages in the amount of \$100.00 per day will be assessed. Further information is available from Kevin Clark, Facility Planning and Control, kevin.clark@la.gov (225)342-0571.
